

You will see 3 buttons:

- **Open Payroll System**
- **Search Employee**
- **Exit**

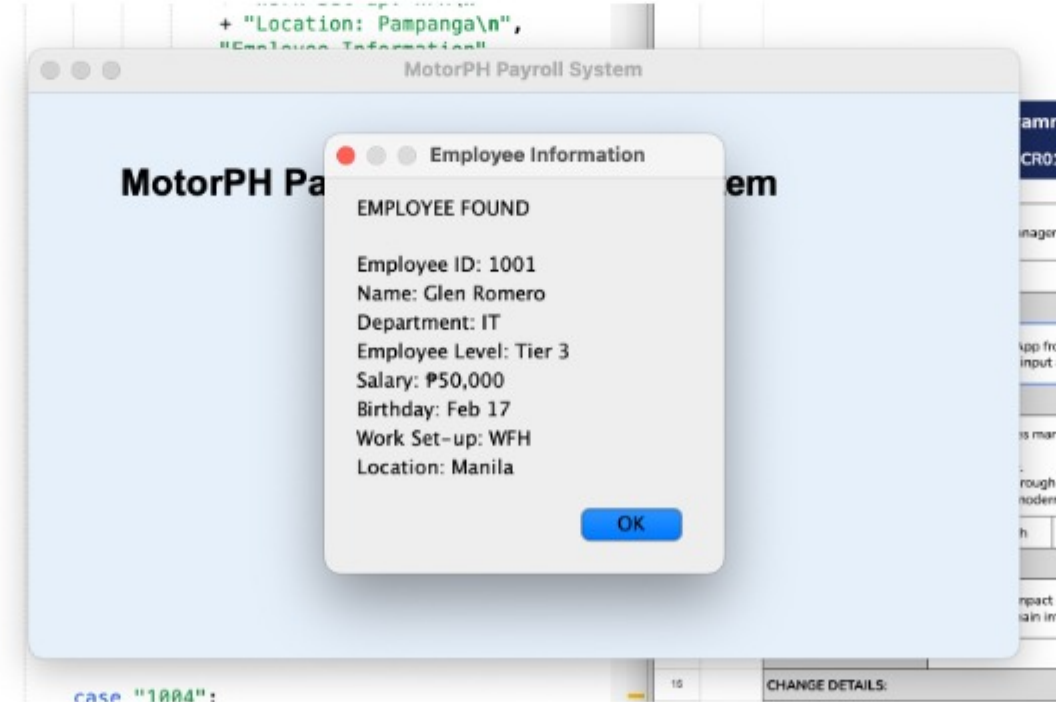

Click the **“Search Employee”** button.
Will open an input dialog box asking for:
Enter Employee ID:
Valid ID for now: 1001, 1002, 1003, 1004, 1005

Type the employee ID in the text field.
Example: 1001

OK → to continue
Cancel → to stop the search

After clicking **OK**, it will check whether the Employee ID exists in the database or employee records.

If the Employee ID is found, a new window appears showing the employee details such as:

- Employee ID
- Employee Name
- Department
- Employee Level
- Salary
- Birthday
- Work Setup
- Location
